## A FEW FACTS FOR NEW FRIENDS OF TOC H

**ORIGIN:** Talbot House in war-time was "Everyman's Club." It opened its doors to officers and men alike, and brought its visitors, irrespective of class or creed, into a friendship which mounted from the jovial welcome of the open door to the hallowed communion of the Upper Room. It was opened in December, 1915, at Poperinghe, the nearest town behind Ypres, by Padres Neville Talbot (now Vicar of St. Mary's, Nottingham), and Philip Clayton ("Tubby" now Vicar of All Hallows-by-the-Tower, a guild church of Toc H). In 1929, by the far-seeing generosity of Lord Wakefield, Talbot House came once again into the keeping of Toc H, to be a place of pilgrimage and training for ever.

**BASIS:** From the first Toc H has tried to be a family, whose members—whether attached to any Christian denomination or not—endeavour to live their lives according to Christian principles and "to challenge their generation to seek in all things the mind of Christ."

**RE-BIRTH:** Toc H was started again on a modest scale in 1919-1920 by Tubby and a band of survivors of the Ypres Salient. Its first aim was to recapture the War's spirit of comradeship in common service, and to pass it on to the younger generation for the greater task of peace. Two years from this beginning, the tiny experiment had been repeated throughout the length of England, and within five it had girdled the earth and overleapt the bounds of British race. Yet its membership is still comparatively small, for Toc H is no mass movement, but an intimate and personal way of life spread from man to man by individual example. In 1922, its position was assured by the grant of a Royal Charter.

**OBJECTS:** The ideas underlying Toc H are as old as history—Fellowship and Service. Each member in Toc H pledges himself to Fellowship with other men and to the service of those less fortunate than he. Its members are drawn from all ranks of society, from all Christian denominations, all schools of thought and political parties, for it is not primarily an ex-Service society, but a Club for Everyman, in which youth now takes the greater part. Toc H remembers the past, but looks to the future in hope and confidence. Its aims are thus set forth in its Royal Charter:—

- (1) To preserve amongst men and to transmit to future generations, the traditions of fellowship and service manifested by all ranks during the Great War, thereby encouraging its members, through the common Christian life of the family, to seek God, and helping them to find His Will and to do it.
- (2) To encourage amongst the members of the Association the desire to perform, and to facilitate the performance of all kinds of social service as between and for the benefit of all ranks of society.
- (3) To promote among all people a wide human interest in the lives and needs of their fellows and to foster in every man a sense of responsibility for the well-being of his fellow man.
- (4) To mitigate by habit of mind and word and deed the evils of class consciousness and to endeavour to create a body of public opinion free of all social antagonisms.

The *fellowship* of Toc H is fostered by the corporate life of its units, by their weekly meetings, and more especially by their frequent Guest-Nights, when members may introduce friends and all men are equally welcome into the Family circle.

The *voluntary service* of Toc H members flows in three main streams: (a) Individual help and care to the sick, the disabled, the blind, the deaf and dumb, the lonely, the down-and-out, and all needing friendship and encouragement; (b) Leadership and comradeship of boys and younger men in clubs, camps, classes and Scout Troops; (c) Corporate jobs of many kinds as the keen spare-time work of Branch or Group—installing wireless for hospitals, making playgrounds for children, or providing Hostel accommodation for poor boys. Social Service of all these kinds is directed in each place by a voluntary *Jobmaster*. Toc H in no way competes with existing organisations; it encourages and trains its members to help them.

ORGANISATION: One or more keen "pivotal" men in a district collect others round them and form a small tentative *Group*. This Group, in course of time and after a real test of stability, unity and work, may become a *Branch*, which is granted a Lamp of Maintenance as a symbol of its trust and responsibility, to be lit with a simple ceremony at all meetings. Each of these is dedicated to the memory of one of the Elder Brethren—those who, whether in peace or war, passed over in the doing of unsparing service for their fellows. In certain cities, a team of members live together in a House, or "Mark," the visible embodiment of Talbot House and a centre of effort in the area. At the present time there are some thirty Marks and other Houses and 1,360 units of Toc H throughout the world.

MEMBERSHIP: All men, from the age of 16 upwards, who are in sympathy with its aims and objects, are eligible for membership in Toc H. Candidates are required to fill up a form of application, to be proposed and seconded by members, and to undergo a period of probation, varying in length according to circumstances, but it is recommended that they first make themselves known to their local unit, where they will be welcomed as enquiring friends into the life of the Branch or Group. The minimum annual subscription is 2s. 6d. for ordinary members.

LITERATURE: Those interested in the movement cannot do better than read some of its publications. *Tales of Talbot House* and *Plain Tales from Flanders*, by Rev. P. B. Clayton, the Founder-Padre, give an insight into the spirit and life which brought Toc H to birth. *Toc H Under Weigh*, by P. W. Monie, provides an exposition of the constant ideals and practical aims which lie behind Toc H to-day. The *Toc H Journal* is a monthly review of the progress and interests of the movement. A list of publications will be found on page 8. All are obtainable from the Registrar at 47, Francis Street, London, S.W.1.

## THE MAIN RESOLUTION OF TOC H

The following, known as the MAIN RESOLUTION, was passed by the Central Councils of Toc H for 1923-24 and 1924-26:—

"Remembering with gratitude how God used the Old House to bring home to multitudes of men that behind the ebb and flow of things temporal stand the eternal realities, and to send them forth strengthened to fight at all costs for the setting up of His Kingdom upon Earth; we pledge ourselves to strive:—

*"To listen now and always for the voice of God;*

*"To know His Will revealed in Christ and to do it fearlessly, reckoning nothing of the world's opinion or its successes for ourselves or this our family; and towards this end;*

*"To think fairly,*

*To love widely,*

*To witness humbly,*

*To build bravely."*

[The four principles contained in the last paragraph constitute a convenient summary of "The Four Points of the Toc H Compass."]

## TOC H LEAGUE OF WOMEN HELPERS

There is a similar society for women, sharing the same spirit, pledged to the same objects, and organised on very similar lines. Its patroness is H.R.H. the Duchess of York. Information from the General Secretary, L.W.H., 28, Great Tower Street, London, E.C.3.

## FOR FRIENDS WHO WANT TO HELP

Beyond their minimum annual subscription, which is kept as low as possible in order to be within the reach of men who have little enough money to spare, the members of Toc H contribute a considerable sum every year to the funds by self-denying efforts. In addition the help of friends outside has continually been forthcoming to put Toc H on firm foundations and to meet the needs of its expansion. There are several ways in which such friends can help.

### Toc H Builders

There are many who, finding themselves unable to take an active part in Toc H, yet wish to support the movement to the best of their power. These may well become Toc H Builders, contributing £1 or more a year, which may be allotted to local or headquarters needs as desired. Builders are kept in touch with progress by receiving monthly the Toc H JOURNAL. A form of enrolment as a Toc H Builder will be supplied on application to any Area office of Toc H or to the Registrar at Headquarters. The form contains a Banker's Order (see specimen on opposite page).

#### A NOTE ON TAX-FREE SUBSCRIPTIONS.

Builders and other Subscribers to Toc H are reminded that charities are exempt from Income Tax in respect of income applied to charitable purposes, and it is to be hoped that others will follow the example of a few who have "converted" their subscriptions by deed, thereby increasing their support to the cause they desire to help without additional burden to themselves. Anyone covenanting to subscribe to Toc H for a period of seven years can take advantage of this exemption, i.e., he is enabled to deduct Income Tax at the current rate from his subscription and to allow Toc H Incorporated to recover the amount deducted. All the Subscriber is required to do is to fill in and sign a Deed of Covenant (see specimen on opposite page): copies of this Deed will be supplied on application to the Registrar at Headquarters. In completing the Deed the following should be noted:—(a) The date of the first payment must be *later* than the date of the signing of the Deed; (b) The amount of the subscription to be filled in is the actual amount of money which the subscriber desires to send annually to Toc H Incorporated; (c) The signed Deed should be returned to the Registrar for stamping; (d) The Registrar will remind Subscribers when their subscriptions become due (unless they care to make use of a Banker's Order form) and will send in, in all cases, a Certificate of Deduction of Income Tax to be signed and returned.

In the case of *Sur-Tax* the Subscriber, in his annual return to the authorities, deducts as a "charge on Income" the amount stated in the Deed, *plus* Income Tax at the current rate, e.g., if the amount stated on the Deed is £5, Toc H is able, with Income Tax at the present rate of 5s. in the £, to recover the sum of £1 13s. 4d. from the authorities: therefore, the amount shown as a "charge on Income" should be £6 13s. 4d. and should be stated in some such form as "Less £6 13s. 4d. charitable annuity under Deed of Covenant between myself and Toc H Incorporated, dated....."

### Donors of Houses

The freehold of twelve of the Houses ("Marks") and Hostels of Toc H have been presented by Donors. Others have been secured by the efforts of members and their friends. Once opened free of debt, each House should be self-supporting. Many of the Houses contain Memorial Rooms, endowed in memory of men and women who have passed on.

### Donors of Endowed Chaplaincies

There are seven endowments of Anglican Chaplaincies in Toc H. There are no Free Church Chaplaincy Endowments at the present time.

### Legacies

The prospect of legacies becoming eventually due to Toc H will help greatly to relieve its financial anxieties for the future. A form of wording for a Codicil suitable in all ordinary cases will be found on the opposite page.

## ANNUAL REPORT, 1935

LAST year much of the report, though it was rightly called the log of Toc H during the year thus ended, was concerned with our hopes of what might be achieved, especially overseas, in 1934. This year, while remembering how much remains to be done to make Toc H worthy of its ideals, we can see how many of last year's hopes have been realised.

*"The State."* The growth of Toc H continues. The total number of Branches and Groups at the time of going to Press is 1,360. This number is made up of 363 Branches and 634 Groups at home, and 93 Branches and 270 Groups overseas. The net increase since April 1934, is 81 units at home and 29 overseas. Old Branches (i.e., those promoted before January 1, 1933) that have accepted the rules regarding limitation of Branch status now number 224.

*Overseas.* The year has been a remarkable one in the development of Toc H overseas. Experience has abundantly proved that where great distances divide sections of the family, and where these sections are themselves made up of diverse and widely separated units, healthy growth necessitates the presence of men who can devote their whole time and prolonged experience to the service of brethren sundered by time and circumstances. All such help rests inevitably on a material substructure of finance. It will be seen from the particulars which follow that considerable efforts have been made to raise money for staff locally overseas. Nevertheless, it remains true that much pioneer work, leading to permanent growth, has this year only been made possible by the generosity of people at home. In certain spheres this will apply for some time ahead.

*Southern Africa.* Owen Watkins returned to England shortly after the date of the last report. Geoffrey Martin resumed the work interrupted by his illness, and served as Secretary to the Southern African Council and Executive throughout the year—the whole cost of his appointment during the year being met from funds raised locally.

The Founder Padre toured in Rhodesia and South Africa for about four months in all, from the end of June, and though the tour as originally planned had to be curtailed owing to the state of his health, he travelled immense distances and visited the main centres of Toc H in the sub-continent. Realising that the future of the movement in South Africa depended largely on whole-time staff, and that the replacement of Geoffrey Martin at South African headquarters (Johannesburg) was by itself insufficient, he set himself, with great success, to raise money for this purpose, mainly in Natal and the Transvaal. As a result, when all the appointments contemplated have been made, South Africa will have staff on a scale comparable with that we know at home, all paid for with South African money.

Michael Westropp (Secretary, North Western Area) sails for South Africa in March to work with Geoffrey Martin for a time, and to succeed him at the end of May. Padre Tom Savage (All Hallows) will follow in May to become Headquarters and Transvaal Padre. Ronald Anderson, formerly Hon. Secretary in the Transvaal, joined the staff in October, and after spending a few months studying

Toc H in this country, returned in February to take up his work as whole-time man in the Transvaal. Two other appointments are under consideration, and Owen Watkins is contemplating returning to South Africa in the summer of 1936, to continue his help to a part of the family to which he has already given greatly.

*India.* As announced last year, Padre Cyril Pearson succeeded Padre Frederick Baggallay as Padre for India. The Founder Padre also visited India on the conclusion of his South African tour, but, as the result of many years of overstrain, suffered a severe breakdown in health and was obliged to take a prolonged rest. He was joined in India by Padre Baggallay with whom, being now considerably better in health, he started his homeward journey in February.

*The Far East.* During the year, firms and individuals with interests in the Far East have subscribed considerable sums to the Overseas Fund. With this money, and further sums now being sought, we hope, before very long, to be able to send a whole-time man to the Far East.

*Canada.* R. F. Thompson, the Eastern Canada Secretary, spent about two months with the home staff in the spring of 1934. In the summer we borrowed Padre Albert Holmes for a short time from the Eastern Canada Region in order that he might visit Toc H in Western Canada, survey the situation, and advise us as to the building and strengthening of Toc H in the West. Albert Holmes carried out this survey with the greatest thoroughness and fully satisfied the Central Executive that as soon as funds were available we ought to give Toc H in Western Canada special assistance on the same sort of scale as Australia and New Zealand. About a quarter of the money required has already been given by a Southern member and, though a sum of from £1,000 to £1,200 is still required, we hope that the work may be begun before the year is ended.

*New Zealand.* Except for a short visit to Sydney for the Australian Festival, Padre Herbert Leggate remained in New Zealand throughout 1934. His mission has been entirely successful, and he has left Toc H in New Zealand keen and ready for a further advance, united in itself, under a constitution adapted to its needs, and realising itself in a new way as part of a world-wide family. The generosity of a Northern member has enabled us to promise to lend New Zealand, for a year from next autumn, the services of Alec Churcher, one of the London Secretaries. It is hoped that when his work is completed, Toc H in New Zealand will be able to provide itself with its own staff.

*Australia.* The team sent out in the beginning of 1934 spent a very arduous year, and the results of their visit exceeded our most sanguine anticipations. Their task was two-fold, "first to forge new and stronger links of personal friendship between Toc H at opposite sides of the world, and secondly to assist Toc H Australia to solve for itself its own constitutional problems." There is the clearest possible evidence that they succeeded in the first part of their task. As regards the second, the Federal Council decided in their meeting at Sydney in May that the right solution was for the six autonomous Australian Associations to surrender their independent existence in the interests of Toc H as a whole, and to be replaced by

Areas within the parent Association working under an Australian Executive, which would be a Sub-Committee of the Central Executive, and on which the Central Executive would be represented by an Australian Commissioner, with headquarters in Adelaide. From the moment this most important decision was made, a large part of the work of our team, and especially of the leader, Rex Calkin, lay in helping to carry out the many changes involved. Difficult and complicated as this business was, it was completed by 1st November, 1934, when all the members of the old Australian Associations became united legally as well as in spirit with the original Association, and Toc H throughout the world became completely one.

Rex Calkin and Stuart Greenacre returned home at the beginning of February. Ronald Wraith remains in Australia for another year, his services having been lent to the New South Wales Area. The same generous member who provided further funds for help to New Zealand enabled us to send Alan Cowling (Secretary, East Midlands Area) to Australia, in February, to act as Secretary of the Australian Executive for a further period.

Padre Godfrey Kircher, who had been selected for the endowed chaplaincy by the Executive of Toc H South Australia (now the South Australian Area) spent about six months on the home staff before sailing at the end of 1934 to take up his appointment.

The Central Executive had the pleasure of welcoming to some of their meetings Professor H. Tasman Lovell (New South Wales) and Padre H. E. King (Western Australia).

*Argentine.* Padre Noel Marshall, formerly of Calcutta and Malta, was, with the approval of the Central Executive, appointed whole-time Padre in the Argentine, and sailed for Buenos Aires in December, 1934.

*Lone Units Overseas.* A special committee at headquarters was appointed last year to concentrate on the business of keeping contact with isolated units throughout the world, and to devise means to assist them. The advantages of this arrangement are already apparent. The Founder Padre was able to visit a number of units in the Near East, Egypt and Central Africa, and a few in India. Padre Baggallay and the Bishop of Madras (Hon. Regional Padre in South India) visited units in the Far East, and also in Canada, and Padre Noel Marshall, on his way to the Argentine, made contact with the Branches in Brazil.

*Overseas Office.* The arrangements introduced on Harry Ellison's death and explained last year have been continued, but Padre Pat Leonard has been relieved of his duties at Headquarters to enable him to concentrate on the Overseas Office and his work at All Hallows. The Rev. W. J. Bensly, late of Sherborne School, is now an additional Hon. Overseas Commissioner.

*Ellison Memorial.* An appeal has been launched for funds to provide a worthy memorial of Harry Ellison's long and most valuable services to Toc H, and especially to Toc H Overseas. The appeal will, it is hoped, result in our being enabled to keep his memory alive in the way we think he would have wished, by providing a living agent to continue his service to Toc H Overseas.

*The Old House.* From March to October the Old House was visited every week-end by parties from all home Areas and by many overseas members. During the year a large number of visitors from all parts of the world, including a party of 350 from South Africa, were shown through the House. The value of a Pilgrimage to the Old House, for post-war as well as for war-time members, has again been fully proved.

*The World Chain of Light.* On December 11, the Lamp of Maintenance was lit in the Upper Room of the Old House at Poperinghe, and a party of members, lay and padre, from many parts of the United Kingdom and overseas, of war and post-war generations, kept vigil beside the Lamp until the Light was received from its journey round the world twenty-four hours later. It is evident from the many letters received that this annual ceremony is now accepted by units throughout the world as definitely strengthening the links binding together the whole Family.

*Toc H L.W.H.* Co-operation continued, especially in closer liaison between the headquarter staffs. For the first time a grant (£900) was made to the L.W.H. from Toc H Funds, which in the past have benefitted considerably from the generous co-operation of the L.W.H. In previous years no grants were necessary as when, in several years preceding 1932-3, funds were raised under the gracious patronage of H.R.H. the Duchess of York for Toc H and the L.W.H., the shares to be assigned to each were fixed beforehand.

*Talbot House, Southampton.* The number of boys who have stayed at Talbot House during the past year has considerably increased and, at certain periods, the house has been very pressed for accommodation. With the future expansion of sea-borne traffic from Southampton, the demands upon its resources will, no doubt, be still further taxed. Unemployment amongst boys has certainly decreased, but the problem of housing boys during the long periods of a ship's "lay-up" in the winter months remains. Talbot House gives something more than mere accommodation. It brings boys into a fellowship of friends, and so serves the vital need of developing and deepening character. To the same end, the endeavour is made, wherever possible, to link them up with Toc H units in ports overseas. While it is difficult to maintain consistent club activities owing to the "floating" population, endeavour has been made to give the boys every opportunity to take part in both outdoor and indoor sports. The summer week-end camp, between May and September, on the banks of the Hampshire Avon, at Fordingbridge, has again proved very successful. Simultaneously with the increased use of the House by those whose interest it serves, there has been a steady expansion in the number of its supporters, and a commencement has been made with the organisation of a group of "Friends," by means of which it is hoped to give this interest permanent shape.

*The Schools Section.* On his appointment as Hon. Deputy Administrator, Hubert Secretan had to leave the Schools' Section, and his place was taken by G. K. Tattersall, the former Assistant Secretary, who, since then, has been helped by Paul Slessor. The Schools' Section has continued to extend its influence slowly,

twenty-two new schools having been affiliated to it during the course of the year. Industrial tours for parties of schoolboys have been run in a number of places and, as in previous years, there have also been a number of other facilities, such as Training Courses in Boys' Club work, offered to boys during their holidays. Though there have been most encouraging signs of awakening interest in some places, the chief concern of the Schools' Section has been, and for the present is likely to continue to be, a realisation of the full possibilities of existing school-connections rather than the establishment of a large number of new ones. Briefly, the aim is to base as many of the existing connections as possible on regular personal links between senior boys and local members, and on facilities for the former to obtain practical experience of Toc H during their holidays. Once this has been done, the schools will no longer have to rely on formal methods such as lectures, and consequently the staff will be much freer to extend the work to new schools and at the same time more satisfied as to the effectiveness of their hold over the ground already won.

*The Services. Royal Navy.* Membership has increased in the Mediterranean Fleet, due to efforts made by Malta units and to the increasing support of officers. The Fleet Secretary in the Home Fleet is now an officer, and developments there are hoped for. There is a small membership in the China Fleet.

*Army.* At the Royal Military College, Sandhurst, there is a Toc H Circle which particularly encourages the participation of cadets in camps for boys and unemployed men. This was started successfully by a party of helpers from Sandhurst at the North of England Schools and Clubs Camps last summer. It is hoped that the Royal Military Academy, Woolwich, will join the camp activities this summer.

Interest is being roused as opportunities offer at Depots and Schools of Instructions. A series of lectures has been arranged to Battalions of the Foot Guards, with the cordial goodwill of Commanding Officers. Steps are being taken to ensure that men on discharge are told about Toc H near their homes.

*R.A.F.* A scheme of organisation to meet the special circumstances of airmen has been worked out with the help of senior officers of the R.A.F. (see pamphlet "Toc H in the R.A.F.") and is now being put into operation.

In Toc H dealings with the Services generally, it has to be remembered that what appeals particularly is the opportunity of voluntary service, and it is important that units to which officers and men of the Services become attached should do everything possible to further this desire in suitable ways.

*Birthday Festivals.* A Regional Lamplighting Festival was held in Leicester on December 8th and 9th, when the Lamps of 50 new Branches were lit. H.R.H. the Patron was most unfortunately unable to attend but sent a message which was read by the Chairman of the Central Executive. The Lamps were lit by a member selected by lot to perform this duty on behalf of the whole membership. The Rev. A. J. Costain, Chairman North Wales Division, was the principal Speaker. The Festival Service was held in St. Martin's Cathedral and Bishop St. Methodist Church.

On the Sunday, Communion Services preceded Festival Preachments, and a Family Gathering was held in the Granby Halls.

*Staff and Administration at Home. Personnel in Areas.* Padres John Lewis and G. W. Evans left the staff and were replaced by Padres A. F. Watts (London) and G. J. Chambers (Southern Area). Padre Norman Knock was transferred to fill a vacancy in West Yorkshire and was later replaced by Padre K. G. Bloxham in the South Western Area. The vacancies in Derby and Newcastle and in Scotland were filled by the appointment of Padres George Blake, Allan Bostock and John Ogilvie. The Rev. R. E. Simons was appointed an additional padre in Manchester, against funds specially provided. Three temporary appointments of part-time padres were created, held by Padres F. N. Robotham (London), F. Urwin (South Western Area) and J. F. Shearer (North Wales Division). The first-named has since been obliged to resign through ill-health.

On return from New Zealand, Padre Herbert Leggate became padre of the Kent and the Surrey and Sussex Areas (formerly the South Eastern Area) in place of Padre Gilbert Williams, who was transferred to fill a vacancy in the South London Area.

Ronald Grant resigned to become Superintendent, Wallingford Farm Colony, and M. C. Callis to seek ordination. Howard Dunnett succeeded the former in the Southern Area and Geoffrey Johnson the latter in West Yorkshire. The "spare man" is R. R. B. Attride, stationed temporarily in Bristol. A temporary appointment of Assistant Area Secretary in Northern Ireland was sanctioned and is held by J. Shaw. On the division of the South Eastern Area, Leslie Wood was appointed Area Secretary, Surrey and Sussex Area, and was replaced as Assistant Editorial Secretary by F. Wyatt Joyce. The temporary appointments of R. V. Collier and W. Olphert came to an end, the latter having to return to New Zealand earlier than was planned owing to illness in his family. Raymond Jourdain, who had given much valuable service as Hon. Area Commissioner in the South Western Area, had to resign owing to ill health, and J. W. Fox, Hon. Assistant Area Secretary became Hon. Area Secretary. J. G. Turvey and J. Maddock have been appointed to replace respectively Michael Westropp (North Western Area) and Alan Cowling (East Midlands Area) who are going overseas. And, pending the arrival of Jack Maddock, Stuart Greenacre will act as Secretary East Midlands before rejoining his former appointment in the Western Area, which has been served temporarily by R. S. S. Thomas, formerly an Assistant Accountant, until his resignation to take up another appointment. Ian Fraser has been transferred to Scotland, Harry Mycroft to the Lakeland Division, and John Mallet to the Eastern Area. Colin Macpherson, Hon. Area Pilot, has resigned owing to ill-health.

*Changes at Headquarters.* Hubert Secretan has become Hon. Administrator in place of P. W. Monie, who has resigned after twelve years' service. As its first Administrator, who saw Toc H through its growing pains, gave it coherent form, wisely engineered development after development, and never failed to give to it wise thought, far-seeing judgment and constructive imagination, Peter must always occupy a unique place in the annals of the family. The Central Executive desires to express here, in the name of Toc H throughout the world, its recognition of the greatness of his service, and its abiding sense of the personal friendships which have

come from working closely with him. It is of the essence of his work that the debt which Toc H owes to him to-day will not diminish with time but grow as we continue to build on the foundations which he has so securely laid.

Rex Calkin has resumed his appointment as General Secretary. Alec Smithers, instead of being Architect, has become Hon. Consulting Architect, and a whole-time architect, R. I. Weymouth, has been appointed. Jolliffe Walker has retired to Cornwall, and H. Wynne Jones has been appointed on a nominal salary to carry on his work.

Padre F. E. Ford was transferred to the Headquarters Staff, and is employed in various areas on the finding and training of leadership.

Padre Owen Watkins has succeeded Padre Pat Leonard as Administrative Padre, and Padre F. W. Baggallay has become Hon. Assistant Administrative Padre.

Lt.-Col. Eric Brown has become Hon. Secretary for the Services. Cusack Walton has taken up a whole-time appointment with the Church Missionary Society, but continues to be H.Q. Commissioner for the Leprosy Campaign, and has the assistance of Gerald Stoneham.

*Changes in Areas.* Simultaneously with the increase of staff by the addition of an Area Padre and an Area Secretary, Scotland was divided into Central and Experimental Areas, the latter being again apportioned between the Northern Division (Inverness) and the Southern Division (Edinburgh). Glasgow is the headquarters of the Central Area. The old North Western Area has been divided, without increase of staff, into the Manchester and North Western Areas, the latter having its headquarters at Liverpool. The Lakeland Division is attached to the North Western Area. The Yorkshire Area has been divided into the West Yorks. Area, with centre at Leeds, including the South Yorks. Division (Sheffield), and the East and North Yorks. Area (headquarters at Hull). No permanent addition to the staff has been made on this account, but the "spare man" was posted to Hull for ten months in order to give assistance. The South Eastern Area has been divided into the Kent and the Surrey and Sussex Areas. This has involved the appointment of an additional Area Secretary.

*Houses.* The Central Houses Committee, the formation of which was reported last year, has been gradually extending its work, and has now taken over the supervision and financial control of most of the houses. The financial aspect of the houses is dealt with under Accounts, but it should not be thought that the Committee is concerned with finance only. Actually, its constant attention is given to the life of the houses, and it is closely concerned with doing everything possible to ensure that a Toc H House shall represent a worthy example of Toc H in its locality.

The generous gift of Sir Herbert Austin has made possible the provision of a new house in Birmingham, the building at present occupied by Mark VI being unsatisfactory in many respects. Active steps are being taken for the provision of the new house and its equipment.

## The Accounts

The Consolidated Income and Expenditure Account for the Year ended 31st October, 1934, shows a Surplus of £162 14s. 10d., as against a Surplus of £1,416 15s. 1d. for the preceding year.

The total Income rose by £2,904—a fact which is rather remarkable when it is noticed that the proceeds from Legacies placed to the credit of this Account were over £3,000 less than for 1932/33. Expenditure, on the other hand, increased by £4,158. The main increases have occurred under the heads “Salaries and Wages”; “Travelling Expenses”; “Repairs, Alterations and Renewals”; “Publications and Propaganda”; “Grants to Talbot House, the League of Women Helpers, and Others”; “Legal Expenses”; “Staff Pensions Scheme” and the Seafaring Boys’ Club, Southampton. The greatest increase has taken place in Salaries and Wages, and is due to the use of a fuller staff than in previous years. Further increases under this heading are desirable as there is a great necessity for having some men undergoing training so that the future needs of Toc H Overseas may be adequately met without weakening the Home Staff. The grant of £900 to the League of Women Helpers has been mentioned in the earlier part of this Report and, therefore, calls for no particular comment here.

The figures of the Talbot House Seafaring Boys’ Club, Southampton, are published separately for the first time and show a deficit of £423 9s. 0d. This is rather heavy, but it is obviously impossible for the Club to be self-supporting on the payments made by the boys who use it; therefore, it will always require a subsidy to enable its Accounts to be balanced. As the Club serves a very useful purpose and fulfils a very great need, it is worthy of the best support and it is hoped that this may be forthcoming from readers of this Report.

Turning to the Income side of the Consolidated Account, it will be seen that there are increases in Donations, Membership Subscriptions, Builders’ Subscriptions, Contributions from Branches and Groups, Proceeds of Film Show and Garden Fête, Interest on Investments, and Toc H Festivals. The increase in Contributions from Toc H units is particularly pleasing and indicates that the membership is beginning to recognise its financial obligations to the Movement as a whole. It is hoped that this item will continue to expand and that it may do so rapidly. The Film Show actually produced £9,772 13s. 3d., and from this sum £3,000 was transferred to the Overseas Fund to enable the “English Team” to be sent to Australia.

The financial results of the Hostels (excluding the Seafaring Boys’ Club) have improved by £632. This is fairly satisfactory, but has only been made possible by the kindness of the directors of Hambros Bank Limited, Mr. Olaf Hambro and a few other friends who gave donations to enable some of the Hostels to be re-conditioned. Other Houses still have to receive this special treatment, and unless new funds are forthcoming, it is feared that the financial results during the next year or two will not be so satisfactory, as re-conditioning cannot be postponed indefinitely. It is the hope of the Central Houses Committee that the Marks and Hostels will eventually show a Surplus which will represent approximately a return of 2½ per

cent. on the Capital sunk in them. This would make it possible for an adequate number of Mark Padres or Pilots to be used and would help considerably towards making the Marks all that they are meant to be in their respective districts. The Surplus for the year under review represents  $1\frac{1}{4}$  per cent. interest on the Capital invested in the Houses before any reserves have been made for repairs, etc.; therefore, there is still some distance to travel before the Marks and Hostels are on a firm enough financial basis to become fully the kind of centres of Toc H life and work which they ought to be. Other items of Income do not appear to call for any special comment, but it is satisfactory to note that the Sports Club has again been self-supporting without the aid of a subsidy.

Reference to the Area Accounts will show that some of them again include a grant from Headquarters. This method was adopted in the previous year's Accounts and has the effect of balancing the inequalities due to the fact that certain Areas have Endowments specifically allotted to them, whilst others have not. The system is that, provided Headquarters' section of the Accounts shows a sufficient Surplus, grants will be made to each Area Account in accordance with the Area's success or lack of success in producing an average of £8 per unit by way of direct contributions from Branches and Groups and Builders' Subscriptions. If an Area succeeds in raising that average, the grant from Headquarters' Accounts will be sufficient (always provided that Headquarters has the necessary Surplus) to make its Account self-balancing. If an Area fails to maintain that average, the grant will be such as will leave its Account showing a Deficit of the actual amount by which it has fallen short of the average. (Note: The sum of £8 per unit was fixed in 1926 as being, on average of units, the *minimum* contribution which ought to be looked for from the membership for the maintenance and spread of Toc H.)

On the Liabilities side of the Balance Sheet will be seen an increase in the Memorial Rooms and General Furnishing Fund, the money received during the year being for Gladstone House, Liverpool. Donations are still required to defray the cost of furnishing Brotherton House, Leeds. The Hostel Properties Fund has received new donations amounting to £352 2s. 2d., mainly for a Group Headquarters and the new Hostel for Birmingham. As stated in the earlier part of this Report, Sir Herbert Austin, K.B.E. has, since the close of the financial year, given a donation to enable the new venture in Birmingham to be completed. The Endowment Fund has been increased by a Legacy of £7,500 from the late Mrs. Betty M. Gray, and this sum has been invested in  $2\frac{1}{2}$  per cent. Conversion Loan. The Overseas Fund has received £4,797 16s. 2d. (including £3,000 from the Film Show) during the year and of this sum, £1,237 13s. 2d. was contributed by Members. £3,211 17s. 11d. has been expended in connection with Toc H Overseas, leaving a balance of £3,236 7s. 11d., all of which has been allocated for expenditure. Sundry Funds include a new item in the "Our XII Room Fund" which has been created by a Legacy of £500 also given by the late Mrs. B. M. Gray. The Fund is invested in  $2\frac{1}{2}$  per cent. Conversion Loan and is intended to provide an income for the maintenance of a Memorial Room which Mrs. Gray gave to Mark III in 1922. The Income and Expenditure Account still remains on the correct side of the Balance Sheet and shows an accumulated Surplus of £663 5s. 0d. There are still Mortgages on our properties in Derby, Leicester and Swindon, and it is hoped that this fact

will make a special appeal to those who have the cause of Toc H in these towns at heart.

On the Assets side of the Balance Sheet, the item "Freehold Properties" shows a small increase, whilst Investments have been increased by the purchase of £8,417 2½ per cent. Conversion Loan. The market value of our Investments at the close of the financial year was £107,199, being £12,980 more than their cost. Other items do not vary a great deal from last year and call for no particular comment.

It is difficult to foretell the financial situation of Toc H for the present financial year, but it is perfectly clear that if the Movement is to be "built bravely", it is necessary to maintain the staff at least at its present strength. Therefore, the rate of Income must also be maintained and we hope that Members and friends will not only continue but increase their gifts.

Members and friends are urged to remember that the future stability of Toc H will be increasingly ensured if those who believe in its mission will make such provision as they are able in their wills (see "Tubby in July *Journal*, 1933).

*Conclusion.* An Annual Report is, by its nature, subject to severe limitations. Particularly is this the case when the subject of report is not an intricate arrangement of machinery but a living thing. A necessarily bare chronicle of events, changes, efforts and failures is then primarily valuable in so far as it enables those who read to gauge the depth, purposiveness and vitality of the life of which the record shows only the surface manifestations. Members of the Central Council, each of them linked intimately with some part of the life of the family, are well placed to infuse into their reading of the record the realisation of what it means in living terms. The Central Executive are confident that, applying to the report their powers of sympathy, understanding and imagination, Councillors will reach two conclusions. The first is that the vitality of Toc H is maintained. The second is that the tasks now opening one by one before us indicate how great and growing is likely to be the demand on that vitality, in terms of courage, of cheerfulness, of clear thought, and humble faith, in the year ahead.

P. SUTHERLAND GRAEME, *Chairman.*

WM. A. HURST, *Hon. Treasurer.*

HUBERT SECRETAN, *Hon. Administrator.*

Alterations, additions and corrections for insertion in the next list should be sent via the Area Secretary so as to reach the General Secretary at Toc H Headquarters not later than June 10th, 1935.

# THE HONORARY ASSOCIATION PADRES OF TOC H

*The names of "Association Padres" who are working whole-time for Toc H will be found in the foregoing list among the Officers at Headquarters and in the various Areas. Besides these, and all the Hon. Padres of Branches and Groups, certain Clergy and Ministers of various Churches have given special help and advice in different and often less regular ways. This has led to many of them being duly appointed as "Hon. Association Padres."*
